Dear Mr. Burrows:

This letter is to verify your reception report of CFNB on December 5, 1987.

We thank you for taking the time to let us know that our signal is reaching your country.

CFNB, on 550 Khz, operates 50,000 watts 24 hours a day. Its primary coverage area is the Atlantic Provinces of Canada, however, we often get reports from Finland, Sweden, Norway, Denmark, England and the U.S.A.

Thank you for the report and I hope you hear us again.

Sincerely

Gary Stone
